Answered

Sheffield 7 July 1877.

My dear Sir,

182 My Aunt, Mrs. Ramson, has asked me to meet you & your son at Wincobank on Monday, & I learn from his note to her that you are on your way from Birmingham to Leeds. I am sorry I cannot ask you to stay at my house, even if it were not more than probable that your engagements are fully made. But if I could prevail on you to devote a few more hours to Sheffield than you propose spending at Wincobank I should be so glad to show you some of the great works where the Trade of the Town is carried on, or to receive you in my own little house, or perhaps best of all to show you part of our beautiful Derbyshire scenery which is within

a few miles of us. If your
health is such as to allow you to make
a pretty long day, you can
leave Birmingham, 8·55
arrive at Rowsley, 11·27
or —·· — - Bakewell 11·35
at either place I would meet
you with a carriage, if at Rowsley
we could drive through Chatsworth
Park, & if you wished see the House,
& then through beautiful scenery to
Wincobank arriving at, say, 4·0
or if at Bakewell, & missing
Chatsworth, we could be at
Wincobank at about — 2·30
(having seen much the same scenery)
From Wincobank to the Station will
take say 40 minutes, & there
is a good train for Leeds at 7·40
arriving at Leeds at 9·15
and another, faster, at 9·16 arriving at 10·20

If however you cannot spare this amount of time & strength, the best trains leave Birmingham at 10.30 and 11.35 ~~assaying~~ arriving here at 1.6 & 1.58 respectively.

And the best forward leave at 4.6 (which would give very little time), and 7.40.

It will give me real pleasure if I can be of any service to you & your son in this or any other way.

Yours very truly & in haste, Henry J. Wilson.

Kind regards to Mrs Martineau.

W. L. Garrison Esqre.
